SUMMARY

Software developer experienced in building web applications and internal business systems using **React**, **Next.js**, **JavaScript/TypeScript**, **Tailwind CSS**, **Node.js**, **Prisma**, and **PostgreSQL**.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks & Libraries: React, Next.js, Tailwind CSS

Backend & Databases: Node.js, REST APIs, PostgreSQL, MySQL, Prisma

Tools: Git, GitHub, npm, Vite, VS Code, Chrome DevTools

PROJECTS

• Dream Home Decors — Internal Operations System

Next.js, TypeScript, Tailwind CSS, Prisma, PostgreSQL

- Built role-based dashboard interfaces for tracking labour, stock movement, expenses, and client estimates across multiple sites.
- Developed structured forms, tables, and workflow-driven screens to improve day-to-day operational visibility and reporting.
- Delivered role-based workflows and an operations dashboard to reduce manual tracking.

• 90's Nest Café — Café Operations System

HTML, Tailwind CSS, JavaScript, Node.js, Express, PostgreSQL, Socket.IO

- Built responsive interfaces for order flow, kitchen status updates, billing support, and admin-side operations.
- Designed workflow-based UI for waiter, counter, kitchen, and admin usage with a focus on clarity and ease of use.
- Implemented real-time status updates to support smoother order handling during busy operational hours.

• QoroTech Website — Company Website

Next.js, React, TypeScript, Tailwind CSS

- Designed and developed the QoroTech website with responsive layouts, reusable UI components, and modern frontend structure.
- Built landing pages and interface sections with a focus on clean design, responsiveness, and smooth user experience.
- Implemented production-ready frontend pages with structured components, responsive behavior, and polished UI interactions.

WORK EXPERIENCE

Software Developer

Aug 2025 – Present

QoroTech — Vijayapura

- Built responsive web applications and internal business interfaces using React, Next.js, JavaScript/TypeScript, and Tailwind CSS.
- Developed dashboards, admin panels, forms, filters, and workflow-based UI for operational systems. Integrated frontend applications with backend services, APIs, and databases using Node.js, Prisma, and PostgreSQL.
- Supported deployment and production setup for live client systems.

SailPoint Developer

Mar 2025 – Aug 2025

IDM Edge — Remote

- Worked on SailPoint IdentityIQ rules and workflow testing in an enterprise environment.

EDUCATION

BLDEA College of Engineering and Technology, Vijayapura

2022 – 2025

Bachelor of Engineering in CSE (AI and ML)

CGPA: 8.5

Government Polytechnic, Vijayapura

2019 – 2022

Diploma in Computer Science Engineering

Percentage: 90%
